

Professional Development 2024

Approved training for certified insurance professionals

We strive to provide our clients and brokers with the highest level of service, Allianz delivers a range of educational and information services to assist you to remain up to date with relevant industry information, and the knowledge and skills to proactively and effectively manage workers compensation claims.

The Australian and New Zealand Institute of Insurance and Finance (ANZIIF) Certified Insurance Professional (CIP) Program requires that ANZIIF CIP members complete and record a minimum of 25 CIP points of professional development activities each calendar year ([Certified Insurance Professionals \(anziif.com\)](https://www.anziif.com)).

ANZIIF defines professional development as any activity that is educational and adds legitimate value to your knowledge and skills as an insurance professional.

ANZIIF has recognised the high standard of the information sessions provided by Allianz, and approved Allianz to issue the relevant Certified Insurance Professional (CIP) Points upon completion of each course.

ANZIIF has approved Allianz to issue participants one CIP point per hour of approved training.

To learn more about CIP points, please go to the ANZIIF website at [anziif.com/membership/certified-insurance-professionals/cip-points](https://www.anziif.com/membership/certified-insurance-professionals/cip-points), or contact Allianz on **132 664** and ask for the training department in your relevant State/Territory.
